

The National Wild Pheasant Conservation Plan

Key Literature:
Monographs and symposia

Last Updated: December 18, 2016

Note: The literature cited below represents a subset of the information used when making pheasant management decisions related to this topic. It is intended to provide a general sense of the primary research available on the subject, but is not comprehensive. The list will be periodically updated upon request by National Wild Pheasant Technical Committee members.

Allen, D. L. (ed.). 1956. Pheasants in North America. Stackpole Company, Harrisburg, PA, and Wildlife Management Institute, Washington, DC.

Hallett, D. L., W. R. Edwards, and G. V. Burger (eds.). 1988. Pheasants: symptoms of wildlife problems on agricultural lands. North Central Section of the Wildlife Society, Bloomington, IN, 345 pp.

Hill, D. and P. Robertson. 1988. The pheasant: ecology, management and conservation. BSP Professional Books, Oxford, England.

McAtee, W. L. (ed.). 1945. The ring-necked pheasant and its management in North America. American Wildlife Institute, Washington, DC.
